American taxpayers are quite interested in knowing how banks have used the money that Treasury has invested under the Capital Purchase Program (CPP) and Community Development Capital Initiative (CDCI). To answer that question, Treasury is seeking responses that describe generally how the CPP/CDCI investment has affected the operation of your business. We understand that once received, the cash associated with TARP funding is indistinguishable from other cash sources, unless the funds were segregated, and therefore it may not be feasible to identify precisely how the CPP/CDCI investment was deployed or how many CPP/CDCI dollars were allocated to each use. Nevertheless, we ask you to provide as much information as you can about how you have used the capital Treasury has provided, and how your uses of that capital have changed over time. Treasury will be pairing this survey with a summary of certain balance sheet and other financial data from your institution's regulatory filings, so to the extent you find it helpful to do so, please feel free to refer to your institution's quarterly call reports to illustrate your answers. This is your opportunity to speak to the taxpayers in your own words, which will be posted on our website.

What specific ways did your institution utilize CPP/CDCI capital? Check all that apply and elaborate as appropriate, especially if the uses have shifted over time. Your responses should reflect actions taken over the past year (or for the portion of the year in which CPP/CDCI funds were outstanding).

What actions were you able to avoid because of the capital infusion of CPP/CDCI funds?

WE WERE ABLE TO MAINTAIN OUR LENDING VOLUME AND MANAGE OUR LIABILITY REDUCTIONS IN AN ORDERLY MANNER DUE TO THE EXTRA CAPITAL CUSHION THE TARP FUNDS PROVIDED, THIS GAVE OUR PRIMARY REGULATOR A GREATER COMFORT LEVEL IN WORKING WITH US AS WE DEALT WITH PROBLEM ASSETS. WITHOUT THE TARP FUNDS WE WOULD HAVE HAD TO REDUCE LENDING AND QUICKLY REDUCE OUR LIABILITIES
